

Brown Jordan

The Fusion curved sofa from **Brown Jordan** melds European, American and Asian design sensibilities in a retro-modern look. Woven of extruded polyolefin, the sofa features a tightly wrapped double-wall construction over a powder-coated, fully welded tubular aluminum frame. Available through *Columbine Showroom, 595 S. Broadway, Suite 105e, Denver, CO 80209, (303) 722-4400, www.columbineshowroom.com; or www.brownjordan.com.*

Century

The Metropolitan grouping of indoor/outdoor furniture from the Richard Frinier Collection for **Century** is a contemporary classic line, sized smaller to fit urban balconies, rooftops and patios. Made of marine-grade finished teak frames and upholstered using Century's Driluxe cushions, the luxurious seating—which includes a lounge chair and loveseat—can be used outdoors when paired with Sunbrella fabrics. *595 S. Broadway, Suite 114, Denver, CO 80209, (303) 282-5000; 7350 N. Dobson Rd., Suite 154, Scottsdale, AZ 85256, (480) 362-1832; or www.centuryfurniture.com.*

Urban Earth

Urban Earth Design's Turf Tube is a galvanized metal tube topped by a turf seat, providing cool, informal seating for commercial, sports facility and residential seating, either bolted down or left movable. The tube itself can be branded with a logo decal, while the turf is available in several colors. The removable lid allows the tube to be used for storage. *www.turftube.com or www.urbanearthdesign.com.*

Leland International

Leland International's Brit Bench is a sculptural seating solution for public spaces, both indoors and out. The bench, which can be used alone or linked together in various formations, offers both sitting and straddling opportunities. It's available with an optional table that floats above the bench, shown here. Finishes are brushed stainless steel as well as 14 powder-coated colors. *www.lelandinternational.com.*
