

H I F I T A B L E

HiFi tables offer an extensive range of sizes, choices and finishes for corporate lobbies, collaborative workspaces or homes. The sled base tables are easily moved and can be specified in two heights. The 17" height is appropriate for occasional tables in lobby environments. The 22" high work surface is an ideal functional height for laptops and creates a less formal tone than the industry standard 30" high conference table.
